3rd Annual Conference

Illinois Society for
Respiratory Care
Chapters 3 and 5

Friday
November 11th, 2016
08:30 to 4:30

**Decatur Memorial Hospital
Classroom Complex
2300 N Edward St
Decatur, IL 62526**

Conference Goal

To provide an overview of the most up to date evidence based medicine to treat pulmonary patients with a variety of conditions and problems.

Conference Objectives

- Identify best practices in the care of critical care patients focusing on ventilated patients.
- Compare strategies to minimize ICU syndrome
- Review physics of nebulized medications and implement decisions based on patient needs
- List ventilator weaning modes and describe best practices for ventilator liberation
- Identify ways that point of care testing leads to better outcomes for ABG testing
- Summarize current literature surrounding COPD diagnosis and management.

Planning Committee:

Sarah Higar, RRT-NPS
Gina Hoots, MS, RRT-ACCS, RPFT
Midge Seim, MS, RRT-NPS

Parking

Free parking is available across the street from the main entrance of the hospital on Edward St. Please enter at the main entrance of the hospital. The classroom complex is to your right.

Continuing Education

Six (6) contact hours will be provided for attendance of the entire seminar. Partial credit will not be given for early departures.
